HBPC social workers will provide treatment planning for mental illness and psychosocial challenges which includes diagnosis, individual psychotherapy and supportive counseling to be provided in the Veteran's home. Throughout the course of treatment the social worker is the subject matter expert on VA and/or community resources. The social worker is responsible for developing a resource file of VA and community social service programs and will refer the veteran to needed services. The social worker understands the intimidation of bureaucracy and will act as an advocate when it serves the best interest of the veteran/family. Social worker is experienced in making rapid assessments and developing crisis management plans to maintain patient in the home, for admission to acute, short term and/or long term placements. Social worker provides education related to VA and community resources, entitlements, Advance Directives/Living Will and will refer veterans/families to the appropriate interdisciplinary team member for identified health education needs. Social worker are responsible for the coordination of the referrals of non-institutional services such as HBPC, ADHC/CADHC, H/HHA, home hospice, skilled and non-skilled homecare services in collaboration with the interdisciplinary treatment team members. Social worker will provide veterans and their caregivers with ongoing supportive counseling. The social worker will enter all veteran/family contacts in the electronic record using appropriate formats and templates.

**THIS POSITION IS IN THE BARGAINING UNIT**

**QUALIFICATION REQUIREMENTS:**

**Eligibility:** U.S. Office of Personnel Management Qualification Standards Handbook and VA Handbook 5005, Pt II, Appendix G39 for GS-185 series applies and may be reviewed in the Human Resources Management Service office.

**Basic Requirements:**

- **Education:** Have a master's degree in social work (MSW) from a school of social work fully accredited by the Council on Social Work Education (CSWE). Graduates of schools of social work that are in candidacy status do not meet this requirement until the school of social work is fully accredited. A doctoral degree in social work *may not* be substituted for the master's degree in social work.
- **Licensure:** Persons hired or reassigned to social worker positions in the GS-185 series in VHA must be licensed or certified by a state to independently practice social work at the master's degree level. Current state requirements may be found on the OHRM website.
- **Exception.** VHA may waive the licensure or certification requirement for persons who are otherwise qualified, pending completion of state prerequisites for licensure/certification examinations. This exception only applies up to the full performance level. For grade levels above the full performance level, the candidate must be licensed or

(Continued on next page)

certified. For grades below or at the full performance level, VHA social workers who are not licensed or certified at the time of appointment must become licensed or certified at the independent, master's level within 3 years of their appointment as a social worker. Most states require 2 years of post-MSW experience as a pre-requisite to taking the licensure/certification exam, and VHA gives social workers one additional year to pass the licensure/certification exam. It is VHA policy that a VHA social worker who does not yet have a license that allows independent practice must be supervised by a licensed independent practitioner of the same discipline who is a VA staff member and who has access to the electronic health record.

- **Failure to Obtain License or Certification.** In all cases, social workers must actively pursue meeting state prerequisites for licensure or certification starting from the date of their appointment. At the time of appointment, the supervisor, Chief Social Work or Social Work Executive will provide the unlicensed/uncertified social worker with the written requirements for licensure or certification, including the time by which the license or certification must be obtained and the consequences for not becoming licensed or certified by the deadline. Failure to become licensed or certified within the proscribed amount of time will result in removal from the GS-185 social work series and **may** result in termination of employment.
- **Loss of Licensure or Certification.** Once licensed or certified, social workers must maintain a full, valid and unrestricted independent license or certification to remain qualified for employment. Loss of licensure or certification **will** result in removal from the GS-185 social work series and **may** result in termination of employment.

**Specialized Experience:** GS-11 full performance level requires completion of a minimum of one (1) year of post-MSW degree experience in the field of health care social work (VA or non-VA experience) and licensure or certification in a state at the independent practice level.

**Substitution of Education for Experience:** In addition to meeting basic requirements, a doctoral degree in social work from a school of social work may be substituted for the required one (1) year of professional social work in a clinical setting. In addition, the candidate must demonstrate the KSAs listed below. **If using education as a substitute for experience, please submit a copy of your college transcripts with application packet.**

#### **BASIS OF RATING: (Knowledge, Skills, Abilities (KSAs))**

***Applicants must demonstrate through their experience or education that they possess the following published KSAs(from VA Handbook 5005) for the grade at which they wish to apply (and grades below that grade if applicable):***

1. Knowledge of community resources, how to make appropriate referrals to community and other governmental agencies for services, and ability to coordinate services.
2. Ability to independently assess the psychosocial functioning and needs of patients and their family members and to formulate and implement a treatment plan, identifying the patient's problems, strengths, weaknesses, coping skills and assistance needed, in collaboration with the patient, family and interdisciplinary treatment team.
3. Ability to independently conduct psychosocial assessments and provide psychosocial treatment to a wide variety of individuals from various socio-economic, cultural, ethnic, educational and other diversified backgrounds. This requires knowledge of human development and behavior (physical and psychological) and the differential influences of the environment, society and culture.
4. Knowledge and experience in the use of medical and mental health diagnoses, disabilities and treatment procedures. This includes acute, chronic and traumatic illnesses/injuries, common medications and their effects/side effects, and medical terminology
5. Knowledge of psychosocial treatment and ability to independently implement treatment modalities in working with individuals, families and groups who are experiencing a variety of psychiatric, medical and social problems to achieve treatment goals. This requires independent judgment and skill in utilizing supportive, problem solving or crisis intervention techniques.
6. Ability to independently provide counseling and/or psychotherapy services to individuals, groups and families. Social workers must practice within the bounds of their license or certification. For example, some states may require social workers providing psychotherapy to have a clinical level of licensure.
7. Ability to provide consultation services to other staff about the psychosocial needs of patients and the impact of psychosocial problems on health care and compliance with treatment. Ability to provide orientation and coaching to new social workers and social work graduate students. Ability to serve as a field instructor for social work graduate students who are completing VHA field placements.
8. Ability to independently evaluate his/her own practice through participation in professional peer review case conferences, research studies, or other organized means.
9. Knowledge and skill in the use of computer software applications for drafting documents, data management, and tracking, especially those programs in use by VHA.

#### **CONDITIONS OF EMPLOYMENT:**

This is an Excepted Appointment. Excepted service positions have been excepted from the requirements of the competitive service by law, Executive Order, or by OPM regulation (5 USC 2103 and 5 CFR part 213).
