WHO MAY APPLY TO THIS ANNOUNCEMENT:

- Career or career conditional employees and permanent Title 38 employees of the Portland VA Medical Center eligible under the interchange Agreement. Included are permanent employees of the Willamette National Cemetery, Regional Office, Veterans Outreach Center and Veteran's Canteen.
- Any US Citizen

MAJOR DUTIES:

The incumbent performs various radiographic examinations of both a difficult and routine nature. The incumbent receives the patient, explains the procedure, selects appropriate technical factors, sets up and adjusts equipment, and completes the procedure by making the exposure. The incumbent performs procedures of a special nature on a rotational basis such as, myelography, venography, bronchography, gastrointestinal exams, and linear tomography. The incumbent sets up the x-ray room for the appropriate exam, prepares and administers contrast media orally or rectally. Intravenous injections are done under close supervision of a physician. The incumbent is alert to the patient's condition and must notify a physician of any changes in vital signs. The majority of the incumbent's time (75%) he/she performs examinations of the skull, chest, spine, abdomen, and all extremities for diagnosis of illness, trauma, and physical evaluations. The incumbent processes exposed x-ray film and maintains processing chemicals. The incumbent maintains records of patients by keeping accurate identification of x-ray film, proper labeling of film and enters correct date, exposure factors, and views taken. The incumbent assists Radiologists and higher-grade technologists in procedures of a complex nature such as arteriography, venography, myelographs, arthrography, etc.

THIS POSITION IS IN THE BARGAINING UNIT

QUALIFICATION REQUIREMENTS:

Eligibility: Department of Veterans Affairs Qualifications Standards applies (VA Handbook 5005, Part II, Appendix G25) and may be reviewed in the Human Resources Management Service Office.

Basic Requirements:

- **Citizenship.** Citizen of the United States.
- **Certification.** All applicants must be certified in general radiologic technology by the American Registry of Radiologic Technology (ARRT) (R). For GS-6/7/8 certification by ARRT in one of the specialized areas of radiologic technology is highly desirable.
- **Experience or Education.** Completion of a full-time training course of at least 24 months duration (or the equivalent) in a post-high school diagnostic radiologic technology program, evidenced by a certificate or an associate's degree, accredited by the Joint Review Committee on Education in Radiologic Technology (JRCERT), and certification by the American Registry of Radiologic Technologists (ARRT) in radiology.

Specialized Experience: At least 1 year of experience at the next lower grade level that demonstrates the core competencies described at that level, i.e., experience that demonstrates possession of the knowledge, skills, abilities, and other characteristics needed to provide general radiologic technology services in a therapeutic setting.

Substitution of Education for Experience: GS-6: The successful completion of a 4-year baccalaureate degree

program in radiography or other directly related field to diagnostic radiology/imaging. **GS-7:** The successful completion of 1 full academic year of graduate education leading to a degree program in radiography or other directly related field related to diagnostic radiology/imaging. **GS-8:** Not applicable. Education may relate to the duties of a specific position or to the occupation, but must be appropriate for the position being filled. If using education as a substitute for experience, please submit a copy of your college transcripts with application packet.

BASIS OF RATING: (Knowledge, Skills, Abilities (KSAs))

Applicants must demonstrate through their experience or education that they possess the following published KSAs(from VA Handbook 5005) for the grade at which they wish to apply (and grades below that grade if applicable):
