- Employees covered under the provision of the inter-agency Career Transition Plan (ICTAP) and Career Transition Assistance Plan (CTAP) (displaced VA Employees) eligibles will be given priority consideration for vacancies within the **local commuting area** for which they are well qualified. Applicants requesting this consideration must attach appropriate proof of the ICTAP eligibility with their application. Well qualified is defined as an applicant, without any further training, can perform the major duties of the position which include assisting in providing diagnostic and therapeutic medical care and services under the guidance of the Ophthalmology Staff.

MAJOR DUTIES:

Within the Eye Clinic of Specialty and Support Programs (SSP), the Ophthalmic Technician shall assist in providing diagnostic and therapeutic medical care and services under the guidance of the Ophthalmology Staff. In general, the incumbent shall be assigned the duty of conducting specific observations and examination procedures, and performing diagnostic and therapeutic tasks according to the criteria established by the Chief of the Eye Care Program. The technician will inquire as to patient's complaints/history. The technician will move and position the patients before, during, and after examinations, tests, or procedures, using any special equipment and will check patients' blood pressure when necessary. Will perform visual acuity examinations and testing such as visual fields, color vision, amsler grid, evaluation of pupils, estimation of anterior chamber depth, and lensometry. Works with the Inventory Manager, Operative Care Division and Pharmacy Service in maintaining effective supply levels, anticipating the need of the ophthalmologist for additional supplies, equipment, including photographic materials and other expendable items. Maintains an effective working relationship with all clinic personnel. Responsible for orienting new residents hi clinic scheduling, clinical procedures, pharmacy procedures, minor surgery scheduling, equipment use, laboratory and imaging procedures, and use of various VAMC forms.

THIS POSITION IS IN THE BARGAINING UNIT
